Marut Drum – Pulverising and Recovery

MARUT: Where Trash Meets Treasure

MARUT is an organic pulverizing and recovery equipment that separates organic fraction from other dry waste fraction. It is best suited for unsegregated OFMSW. Its adjustable particle size separation and made-to-order screening mechanism cater to your unique needs.

Product Description

- Achieves 95% pulverizing efficiency and 90% recovery
- Offers capacity ranging from 1 to 10 tons per hour
- Suitable for composting facilities, transfer station and biogas plants
- Adapts to all weather conditions

Your one-stop organic waste solution is here – MARUT.
